Dear AHEPA

To the amazing members of AHEPA, you have all given the greatest gift to a warrior and a dog – a purpose! Your gifts have made a significant difference in the lives of our service men and women by providing service canines to veterans suffering from Post-traumatic Stress Disorder (PTSD), traumatic brain injury (TBI), and/or military sexual trauma (MST).

As we continue to move forward in our endeavors to assist our military heroes, we are so grateful to have your unwavering support. This year we have launched our first expansion campus where we will be able to help more Warriors each month, we have launched our Reinforcement Fund to better support our Warriors after they graduate from our program, and we have received the first set of results from our research study with Purdue University. All of this is progress and progress would not be possible without our supporters. With AHEPA walking alongside us, we know there will be more progress in the years to come.

Since our inception, we have changed the lives of 418 warriors, making us, by far, the largest service dog organization serving veterans with the invisible wounds of war. We cannot thank you enough for being a part of all of this. Your efforts in raising eight dog sponsorships is a huge testament to our service heroes. All your hard work and the continued commitment to help us in our mission does not go unnoticed by any means. Our goal is to get as many leashes as we can to those who are in need!

With gratitude,

A handwritten signature in black ink that reads "Rory Diamond".

Rory Diamond  
Chief Executive Officer
