

Roger and Service Dog, Dixon

May 2021

Thanks to the generous donation from AHEPA and Angel Warriors, Roger was placed with service dog, Dixon on May 19.

Since being matched at Canine Companions Northeast Regional Training Center, Roger and Dixon have already developed a strong bond with each other.

During the past week of training, Roger is learning how to utilize the commands Dixon has been taught. They have been on several public field trips practicing those commands and preparing them for life at home. Training also teaches our clients proper care and handling for their new service dogs.

We invite you to join our virtual graduation ceremony this Friday, May 28 at 11:30am EST.
